**User Profile**

- User** = Access to open, view and manage user’s own tickets
- Manager** = Access to open, view and manage their own tickets as well as other user tickets
- Admin** = Full access as well as adding new users and managing portal access for current users

As an authorised signatory to the company name listed within this form, I authorize TBI to create user access to TBI’s support portal for the individuals listed above. I acknowledge that access to TBI’s Support portal, either by myself or by any individuals listed within this form is restricted to creating and/or managing any trouble tickets related to services that I or the company name listed above have subscribed from TBI. Furthermore, I/WE acknowledge that we will keep our user name and password strictly confidential and that I/WE acknowledge that you are accessing TBI’s Support Portal via the public internet and although TBI has taken extensive steps to secure your data, I/WE accept the risks and the responsibility for choosing to use a technology (i.e. the public internet) that does not provide perfect security or reliability.
